## CENTRAL INTELLIGENCE AGENCY

WASHINGTON 25, D. C.

## OFFICE OF THE DIRECTOR

Honorable John J. Riley House of Representatives Washington 25, D. C.

	Dear Mr. Riley:	7
	Dear Mr. Riley:	<b>40</b>
	Thank you for your letter of August loth concerning the statements	
STAT	Mr. has made to you relative to an alleged verbal agreement he	STAT
STAT	entered into with Mr. of this office.	SIAI
01711		
	Our records reflect that Mr. was first referred to this	STAT
	Agency by your office in May 1955. At that time Mr. listened	
STAT	at some length to Mr. explanation of how, as the result of some	STAT
	fifteen to twenty years of research in history and languages, he had dis-	
	covered a new and unique method of predicting accurately the future	
	course of action any given nation would take under any given set of cir-	OT 4 T
	cumstances. While somewhat skeptical of Mr. claims, Mr.	STAT
<b>STAT</b>	on the chance that Mr.   might possess something of	
STAT	value to U.S. intelligence, arranged for Mr. to make a presen-	STAT
	tation of his theories, methods and anticipated results to some of our	
	experts here. It was our conclusion at that time and continues to be	
STAT	that Mr. s proposals have no practical application to the U. S.	
	intelligence effort.	
	Subsequent to Mr. sinitial contacts with the CIA over two	at the
STAT	Subsequent to Mr. sinitial contacts with the CIA over two	``&
	years ago, he was informed that this research work was not of interest	Q
	to the CIA. He was also advised that the type of research for which he	
	was seeking support was so basic in nature that it was not likely the U. S.	
	government warms ever finance him. He was advised that if he needed	
	financial help to continue his research the only possibility of such aid	
	would seem to lie in the academic world.	
	Since his initial contact with GTA N	STAT
	Since his initial contact with CIA, Mr. has occasionally	01711
STAT	been in touch with Mr. and has gratuitously forwarded copies of	
CTAT	several additional pieces of paper prepared by him. In all of his contacts with this Agency, Mr. has consistently been discouraged from	
STAT	expecting any kind of financial support and no commitment, verbal or	
	otherwise, has ever been made to him.	•
